Sir:-

Referring to your letter of the 6th of March last, respecting your desire that the North half of Section 12, Township 33, Range 5, West of the 5th Meridian, be protected until the 5th of August, 1907, in order that your two sons may acquire homestead entries therefor, and stating that your third son, Mr. A. L. Henry, has acquired the South East Quarter of Section 12; I beg to say that according to the records here the North East Quarter was homesteaded by Mr. E. A. Jones, who abandoned it on the 2nd of June last. His entry was cancelled in the records, and the Agent advised thereof by Departmental letter of the 26th of October last. The North West Quarter stands as a homestead entry granted on the 5th of October, 1904. The South West Quarter stands as a homestead granted on the 23th of August last, and the South East Quarter is shown as vacant.

I beg to express regret that through an oversight your communication has not been answered sooner.

Dear Sir re Lts 5/6. R 24 W 4th Mer.

The people in this township claim that there are no corners or stakes to be found to indicate the original survey.

I enclose herewith letter from W. Brown Local Improvement Councillor which speaks for itself. If a re-survey could be made of this township it would be a great convenience to the settlers and would no doubt prevent contention sure to come sooner or later if matters are left as at present.

Yours truly

To Mr Sparks.

Department of the Interior,

Ottawa, 4th 10 10 19

J Mills - application for patent for the S.E. 20. 10. 12 W 4th.

W Mills made two applications for patent for the above land on 15th June 1910 not recommended on the 28th July last recommended by the Agent.

From the remarks in the report of A/Asst Inspr [illegible] of the 11th inst it would appear there is a doubt that the residence has been performed by the Hdr as claimed in the application. There is also a declaration from Mr Salvage dated the 6th Oct 09 wherein it is stated that Mr J Mills has not performed the homestead duties. This declaration accompanied the report of A/Asst Inspr O'Connor who stated he did not consider Mr Mills a bona-fide homesteader.

The Agent should be asked why he recommended the application in face of these reports and the declaration of Mr Salvage. The question of residence should be further investigated and the inspector should ascertain from independent sources what residence the Hdr has performed—

Nothing further can be done in regard to these applications for patent until the matter has been fully investigated and you will be good enough to issue the necessary instructions to the Homestead Inspector and advise him that he should make a careful investigation into this matter and obtain his information from independent sources both in regard to residence performed by the homesteader and the manner in which the cultivation duties have been done. I may add for your information that Mr. Homestead Inspector Gibson in his report referred to stated that there was six acres under cultivation at the date of his report.

Sir,-

Encl. I beg to return herewith the applications for patent made by Mr. J. T. Mills for the South East ¼ of Section 20, Township 10, Range 13, West 4th Meridian, which are dated respectively the 13th of June and the 28th of July of the present year, the latter of which has been recommended by you for favourable consideration. In this connection I beg to quote for your information the following remarks made by Mr. Homestead Inspector Simmons in his report of the 14th of June, last:

" From information received from neighbours it would appear that Mr. Mill's residence prior to February 9th 1910 was irregular. Since that date it appears to be bonafide. "

From this you will observe that there is considerable doubt in regard to the manner in which the homesteader has performed his residence duties prior to the date mentioned by the Homestead Inspector and the statements made in the applications for patent cannot be accepted as they are at present, without further investigation.

I also enclose for your information a copy of a Declaration sworn to by one, Wm. Salvage, on the 6th of October, 1909, which you will observe states that Mr. Mills has not performed his homestead duties satisfactorily. This Declaration accompanied a report made by Mr. Homestead Inspector O'Connor who stated that he did not consider Mr. Mills a bonafide homesteader, he being a miner by trade. You will be good enough to advise the Department how it is that you

DOMINION LANDS AND CROWN TIMBER OFFICE,

Sir,

With reference to your favor of the 4th ult., File 1158415 in reference to the application for patent of J. J. Mills for the S.E. of Section 20, Township 10 Range 13, W. of the 4th meridian in which you ask me to advise you how it is that I came to recommend the second application for patent, in the face of the reports in this matter and the declaration of Mr. Selvage. In this connection I would point out that in Homestead Inspector O'Connor's report of the 6th of November 1909 Mr. Mill's statements of residence compares very favorably with that given in the application for patent recommended by me on the 15th of August last.

The residence claimed by Mr. Mills according to the report of Homestead Inspector Simmons dated the 14th of June'09 compares very favorably with the residence claimed by him in his application for patent on the15th of that month.

According to the residence claimed by Mr. Mills in both reports and in the two applications for patent he apparently has performed sufficient residence to entitle him to patent.

The affidavit in the application for patent is supported by the evidence of four witnesses. The remarks contained in the homestead inspector's reports are based on the information of the neighbors. They have filed no affidavit to show that the

duties.

duties were not completed.

The affidavit of W. Salvage referred to in your letter was taken on the 6th of October 1909. In his declaration he goes on to say "On the 4th of November 1909 Mr. Mills came to him and said," you will notice that the declaration is made a month before Mr. Mills approaches him.

One of the homestead inspectors states that he did not consider Mr. Mills a bona-fide settler he being a minor by trade. By referring to the application it appears that this gentleman's family were in residence on the homestead during the time claimed by him and even if he was following an occupation of mining during the day time his residence would count. I think in view of the sworn evidence furnished by Mr. Mills and his witnesses that I was justified in recommanding the application in this case.

I am however, asking for a very careful investigation by the homestead inspector.

I beg to acknowledge the receipt of your letter of the 14th ultimo, your reference 67456, forwarding here Mr. Homestead Inspector Simmons' report in connection with the South East ¼ of Section 20, Township 10, Range 13, West of the 4th Meridian, the homestead of Jonathan J. This matter was again submitted in further reference to the manner in which the homesteader performed his residence duties and the following remarks were made in regard thereto:

> " No proof yet that residence before February 1910 has been satisfactorily performed. The distance separating homestead from mine (for one reason) renders it almost impossible that he should sleep at night on homestead.

> Must go ahead and fulfil requirements. "

You will be good enough to communicate with the homesteader accordingly.

-No Lot 16, Block 25, Plan 1491-

Sir,-

With reference to my letter of the 19th February last requesting you to remove certain liens improperly registered against the above described land, I may say that it is further represented to this department that the lien for $100.00 given to His Majesty in the right of the Dominion of Canada by Mr. McDonald against the N. ½ 19-14-4-W.4th M., and the lien for $23.00 given by one, Mr. McDonald, against the N.E.¼ 20-10-13-W.4th M., have been improperly registered in the Land Titles Office against Lot 16, Block 25, Plan 1491, Medicine Hat, Alta., standing in the name of Christina Broderick, and that the said liens illegally cloud the title to the last mentioned land.

VRT

You are, therefore, hereby authorized and requested to remove the liens for $100.00 and $23.00 respectively, from Lot 16, Block 25, Plan 1491, Medicine Hat.

A copy of this letter is being sent Messrs. Laidlaw, Blanchard & Co., Barristers, Medicine Hat, who have written to the Department in this case.

Sir,

Re N.W. 26-11-3-[illegible]. 4th M.

I beg to inform you that Messrs. I may add that the William Campbell of the N.E. ¼ 26-11-3-[illegible]. 4th M., is not the same person who is interested in the liens in question.

You are, therefore, hereby authorized and requested to remove from the said the N.W. ¼ 26-11-3-[illegible]. 4th M., the liens in question for $103.00, $81.00, $77.00, $142.00, $113.75 and $20.00, respectively, registered against it in error.

Re application for patent of
Mr. Jonathan James Mills for his
pre-emption - N.E. 17,10,13,W. 4th M.

Date of entry - 15th September, 1908.

This man obtained entry for his homestead, the South East quarter of Section 20, Township 10, Range 13, West of the 4th Meridian, on the 18th June, 1906 and made application for patent on the 28th July, 1910, showing the necessary residence and cultivation duties done. Patent issued for the homestead on the 22nd March, 1911.

Mr. Mills made application for patent for his pre-emption on the 11th October, 1922, claiming continuous residence on his homestead from July, 1910 to the date of the application for patent. He also claimed cultivation as follows:-

140 acres broken on homestead,
50 acres broken on pre-emption,
50 acres cropped on the pre-emption in the years 1916, 1917, 1918, 1919, 1920 and 1921,

cultivation on homestead and pre-emption done in each of ten years.

The Agent forwarded an Abstract of Title, showing that the South East quarter of Section 20, Township 10, Range 13, West of the 4th Meridian, the homestead, was transferred to the homesteader's wife on the 18th April, 1913 and that the transfer was renewed on the 4th May, 1922. The Agent also enclosed a communication from Mrs. Mills stating that the reason the homestead was transferred to her was for protection for herself and family of nine.

The homesteader had completed his residence duties at the time the transfer was made.

Please say if you will accept, or whether it will be necessary for the land to be retransferred to Mr. Mills.

Unpatented Pre-emption.

The Agent of Dominion Lands at Lethbridge has forwarded your letter of the 3rd ultimo and in reply may say that the privilege of a second free homestead is extended to those settlers only who completed all the duties on their first homesteads prior to the 2nd June, 1920. The only exception is in favour of those settlers who took up homesteads in what is known as the "Dry Area" in southern Saskatchewan and Alberta, i.e., that portion south of the south boundary of Township 31 in the old pre-emption and purchased homestead tract. This exception is provided for under the 1923 amendment to the Dominion Lands Act, the main points of which are explained on page 8 of the enclosed "Hand-book".

If you wish to secure the benefits of the amendment you should first of all communicate with the Provincial Authorities at Edmonton, giving them full particulars as before your case can be considered by this Department you will require to obtain a Certificate of Approval from the Province. You should address your letter to the Deputy Minister of Agriculture, Edmonton, Alberta.

In the event of your being successful in securing a Certificate of Approval you may then select one vacant and available quarter section outside the "Dry Area" as specified in the amendment to the Act and make application to the Agent of Dominion Lands for the district in which the land is located to have it reserved for you. If the Agent is aware of no reason to the contrary he will reserve the land in your favour. You will then require to furnish this Department with satisfactory evidence as soon as possible in the shape of Abstracts of Title showing that you have been divested of all interest in your patented homestead

homestead and unpatented pre-emption and any other land holdings (excepting town property) which you may have in the said "Dry Area". Upon your furnishing this evidence you will then be given permission to again appear before the Agent of Dominion Lands and make formal application for entry for the land selected.

You will also require to voluntarily abandon your unpatented pre-emption and a blank form which may be used for such purpose is enclosed herewith.

Should you secure another homestead you would require to perform all the ordinary homestead settlement duties in order to obtain patent. Any Seed Grain or Relief indebtedness to this Department would have to be transferred to the new location.

For your information I would state that in view of information having been furnished the Department that your pre-emption has not been cultivated, the Agent of Dominion Lands was asked to institute cancellation proceedings against this entry.

According to the tenor of your letter you apparently do not desire to hold the land and I would, therefore, suggest that you execute the Declaration of Abandonment enclosed with this letter and return the same to this Department.

Secretary.

Dear Sir

In regards to a letter I received from you at Lethbridge, and in which you said it was forwarded from one Canada to the other, but we got nothing at all. Which would like to know, and I would like to know, which I must say I am not very well pleased of what or pay this year, and the last year has been very hard on us. I am child-ren from the Red Cross and at the present are shipping cream for a living even at that rate, has been very poor, but we do the best we can. There is seven in our family to clothe and feed this winter and the smallest is 2 years. would like to obtain some other employment with more regularity if possible. Hoping to get it soon I do.

The potatoes are not any to write about, are running from 40 to 60 bushels per acre. Our grain and hays are fine also, were not troubled with any hail this year. The Government forbid and stopped the sale of liquor, which the Gov. has realized this is to our Dis-advantage by returning the old rate.

Yours Truly.

The entrant in this case made application for patent on the 11th October, 1922, claiming sufficient settlement duties completed. A certificate of recommendation was issued in his favour which expired on the 9th May, 1924.

According to a statement on file there was $661.53 due on account on the 1st November, 1925. Cancellation proceedings were instituted against the entry on behalf of the Department on the 20th November, 1925, on the grounds of non-payment for the purchase price. In a letter dated the 11th January, 1926, he stated that he had proved up and got a certificate of recommendation and thinks if everybody had done their duties as satisfactorily as he had, they would have a better country; that he lived there until he could not make a living on account of drought and poor land.

Inspector Wilcox reported on the 10th March, 1926, that the entrant was residing at Grassy Lake, Alberta, and that the entrant advised him that if he could get a crop, his intentions were to pay for his pre-emption.

Cultivation:- No crop last season.

An Abstract of Title shows that a caveat was registered against the land on the 14th October, 1922, under the Tax Recovery Act. This is not a very good case, but in view of the evidence furnished by the Inspector I would suggest that the entrant be granted an extension of time to the 1st November next within which to pay in full for the land or at least make a substantial payment on account.

With reference to the cancellation proceedings which were instituted against your pre-emption for the above described quarter-section, on the grounds of non-payment, I beg to inform you that a report has been received from one of our Inspectors, and in view of the evidence contained therein, it has been decided to grant you an extension of time until the 1st November next within which to pay in full for the land, or at least make a substantial payment on account. This is not to be considered an extension of time on your Certificate of Recommendation, and you will not be in a position to mortgage or sustain your interest in the land, the Certificate of Recommendation having expired.

Interest is chargeable on all over-due accounts at 6% up to the 1st September, 1919, and 7% thereafter to date of payment.

Dear Sirs and Gentlemen:

Just a few lines to you in regard to my homestead and pre-emption in Grassy Lake, S.E. 20-10-13-W. 4th Mer. and N.E. 17-10-13-W. 4th M. Gentlemen I want to know if I could exchange for another piece of land in the North country which you know we have all had to leave our homes on account of drouth. We have had no crops since 1916 which you know we ar down and out. I had to leave it on account of my family. I could not support them on account of crop failures. Which I had horses and machinery to farm with and lots of help to help me to clean brush of the land which there is plenty of rainfall to raise a crop where I want to go and also I would like to know if I would have to pay entry fees again and what duties. Do I have to do my duties over again. Which Gentlemen I have to go away to work in the mine to keep them I have ten in the family so you see that takes a lot of money to keep them which I think in my case I should not have to do them duties that is to say to stay there all the time until I can support my family on the farm because it will take quite a little to build some place to live in and break the land and brush. As I have lived in Grassy Lake 24 years and then had to leave it its pretty hard to pull out with nothing. The Government shipped me to Halkirk last fall, 1926. Now Gentlemen I have put it squarely to you and I have no mortgage on my homestead. I have rented a quarter land here so when you pay the rent on 80 acres thats all there is on this land it leaves me very little.

Hoping you will let me know by return mail so that I could locate a place. Hoping to hear from you soon.

Yours truly,

I beg to acknowledge receipt of your letter of the 14th instant and in reply may say that under an amendment made to the Dominion Lands Act in 1908 the privilege of a second free homestead is extended to those settlers who took up homesteads and obtained patent for same prior to the 1st January, 1908. In what is known as the "Dry Area" in northern Saskatchewan and Alberta, i.e., that portion south of the south boundary of Township 31 in the old pre-emption and purchased homestead tract. The main points of the amendment are explained on page 8 of the enclosed "Hand-book".

If you wish to secure the benefits of the amendment you should first of all communicate with the Provincial Authorities at Edmonton giving them full particulars as before your case can be considered by this Department you will require to obtain a Certificate of Approval from the Province. You should address your letter to the Deputy Minister of Agriculture, Edmonton, Alberta.

In the event of your being successful in securing a Certificate of Approval you may then select one vacant and available quarter-section outside the "Dry Area" as specified in the amendment to the Act and make application to the Agent of Dominion Lands for the district in which the land is located to have it reserved for you. If the Agent is aware of no reason to the contrary he will reserve the land in your favour. You will then require to furnish this Department with satisfactory evidence as soon as possible in the form of Affidavits of Title showing that you have been divested of all interest in your patented homestead and all other land holdings (except the town property) which you may have in the said "Dry Area". will also require to voluntarily abandon your unpatented pre-emption and a blank form which may be used for such purpose is enclosed herewith. When you have filled the form in and had it properly executed, you should send it to the local Agent for the District who will forward it here if he finds it is satisfactory in all respects. Upon your furnishing this evidence you will be given permission to again appear before the Agent and make formal application for entry for the land selected.

I might add that there is no provision under which you can reconvey your land holdings in the "Dry Area" to the Crown. It will be necessary for you to furnish evidence that you have disposed of all your interest in such lands and that they stand in the name of some other person or persons, but not in the name of the Crown, or in the name of a member of your family.

Should you secure another homestead you would require to perform all the ordinary homestead settlement duties in order to obtain patent. Any Seed Grain or Relief indebtedness to this Department would have to be transferred to the new location.

The pre-emption and purchased homestead privilege was discontinued a number of years ago and it is not now possible to obtain land in this manner. Under the amendment made to the Dominion Lands Act in 1925 it is only possible for you to secure one quarter-section outside the "Dry Area" for your second homestead.

The Honourable,

Dear Sir:

Investigation has been made by this Department regarding the application of Jonathan J. Wells of Evansburg Lake Cella. L/S 30 T. 62 R. 13 W. 4 M. Therefore the undersigned on behalf of the Alberta Department of Agriculture recommends that this application be granted.

I beg to inform you the Agent of Dominion Lands, Edmonton, has forwarded here a Certificate of Approval issued in your favour by the Provincial Authorities, Edmonton, in regard to your application for a second homestead under the amendment made to the Dominion Lands Act in 1925. It is noted the Certificate reads for the N.E 20-10-13-W.4th Mer., but it is assumed that this is an error as your patented homestead is the S.E. 20-10-13-W.4th Mer., and your pre-emption, now cancelled, was for the N.E.17-10-13-W.4th Mer.

Please inform the Department whether you are the owner of the N.E. 20-10-13-W.4th Mer., as indicated by the Certificate of Approval issued by the Province.

The Agent also reports that you have selected the N.E. 15-48-4-W.5th Mer., for your second homestead and that the land being vacant he has reserved it for you.

Before you can be given permission to make formal application for entry for the land you have selected, it will be necessary for you to furnish the Department with satisfactory evidence in the shape of Abstracts of Title that you have been divested of all interest in your patented homestead and any other land holdings (excepting town property) which you may have in the tract lying south of the south boundary of Township 31 in the old pre-emption and purchased homestead tract.

You will also require to furnish a statutory declaration to the effect that you are not the owner of any land (excepting town property) in the "Dry Area" and a blank which may be used for such purpose is enclosed herewith.

I beg to acknowledge receipt of your letter of the 9th instant on behalf of your husband Jonathan J.Mills, regarding his wish to secure a second homestead and in reply may say that before his request can be proceeded with, it will be necessary for him to furnish the Department with an Abstract of Title showing that he has been divested of all interest in his patented homestead, the S.E. 20-10-13-W.4th Mer., and that the land stands in the name of some other person or persons but not in the name of the Crown or in the name of a member of his family.

It will also be necessary for him to furnish a statutory declaration to the effect that he is not the owner of any land (excepting town property) south of the south boundary of Township 31 in the old pre-emption and purchased homestead tract. A blank form to be used for the purpose was enclosed with my letter to him of the 26th November last.

He should also inform the Department whether he is the owner of the N.E. 20-10-13-W.4th Mer., as indicated by the Certificate of Approval issued in his favour by the Province. In this connection see my letter of the 26th November last.

The land he has selected the N.E. 15-49-4-W.5th Meridian, will be reserved for him for a reasonable length of time to enable him to furnish the Department with the evidence asked for. When the desired evidence has been received he will be given permission to make formal application for homestead entry for the land he has selected and for this purpose it will be necessary for him to appear again before the Agent or Sub-Agent of Dominion Lands.

J. J. Mills. Your File 1138415 - 2193195
1660992.

I beg to acknowledge receipt of copy of your letter of January the 25th to Mr. Mills regarding his application for a second homestead, and in this I note your reference to the N. E. 20-10-13-4, from which I infer that a mistake was made in giving you the legal description of Mr. Mill's homestead in certificate issued by this Department. If this certificate stated the N. E. 20-10-13-4, this is a mistake and should have been the S. E. 20-10-13-4.

I have written the Secretary of the municipality at Grassy Lake, where Mr. Mills formerly lived, asking for information in reference to tax enforcement proceedings against the S. E. 20-10-13-W.4th.

In view of the circumstances in this case, I would ask that you give a further extension of time to Mr. Mills in reference to the N. E. 15-48-4-W.5th, which he has selected as a second homestead.

Land selected -- J. J. Mills.

I beg to acknowledge receipt of your letter of the 17th instant, informing the Department that you have never had an interest in the S.E.¼ 20-10-15-4. 4th Meridian.

Your attention is directed to the Department's letter addressed to your wife on the 28th of January last, setting out that before you can be permitted to make formal application for Homestead entry for the land you have selected, you will require to furnish this Department with an Abstract of Title showing that you have been divested of all interest in your patented homestead, the S.E.¼ 20-10-15-4. 4th Mer., and that the land stands in the name of the Crown or in the name of some other person or persons but not in the name of the Crown or in the name of a member of your family and also a statutory declaration to the effect that you are not the owner of any land (excepting town property) south of the south of the south boundary of Township 21, in the old prescription and purchased Homestead Belt. A blank form of declaration is enclosed herewith.

It would appear from your recent communication that your patented homestead is in the "Any Area" now stands in your wife's name. This is not satisfactory, and before your application for a second homestead can be proceeded with, your wife will have to dispose of the land and you must furnish evidence in the shape of an Abstract of Title that the land stands in the name of some other person or persons but not in the name of any member of your family.

Please inform the Department immediately what your intentions are with regard to complying with the foregoing requirements. The land you have selected, the N.E. 15-48-4-4. 5th, will be reserved in your favour for a short time longer.

Dear Sir:

Re: S.E. 20-10-13-W.4th.

In reply to your further letter of August 9th, 1950, I would advise that the lien registered against the above land in the amount of $102.00 was given by one W. McDonald while he was a renter on this land. As the registered owner, J.J. Mills, did not give his approval to this registration there is no course opened to us but to remove the lien and write off the account as a loss. If there is a possibility of settling the account of J.J. Mills we could include the lien for $102.00 as given by W. McDonald in the Board Order that will be necessary to close out Mills' account.

Dominion Advances.

Under date of the 1st instant you kindly forwarded to this office a statement of the account standing in the name of Jonathan J. Mills which represents a charge on the title to the above land.

An abstract on file discloses that title to this property is subject to a lien in the amount of $102.00 registered on November 2, 1915 as number 1753 B.L. the grantor being W. McDonald. No item of this amount appears on the statement of the Jonathan J. Mills account and it would be greatly appreciated if you would advise as to whether or not this lien represents a further charge against this property and if so the usual up-to-date statement would be appreciated.

Dear Sir:

Dominion Advances.

Jonathan J. Mills obtained the following Dominion Advances giving as security the liens on the title to the above land:

Dominion	
Relief 1915	$25.00
Relief 1915	25.00
Relief 1915	52.00

	2457.06

Int. to July 31, 1950	315.15
Payments	$3657.11

.....2

No taxes were paid on the above land after 1918, with the result that the title was taken by the municipal district under the provisions of the Tax Recovery Act in 1928. The land lay idle for a number of years and for the past seven years has been leased for grazing purposes.

The district has now been successful in disposing of this parcel for the sum of four hundred and eighty dollars, ($480.00) and has requested a compromise settlement of the above account. The sale price would seem to be fair as the land is assessed for taxation purposes for the amount of three hundred and sixty dollars, ($360.00), only, and is situated in a township which has received awards under the Prairie Farm Assistance Act, eight years in the ten in which awards have been granted.

I would recommend that the proceeds of sale be distributed on a pro rata basis between the taxes which amount to three thousand four hundred and twenty-one dollars, ($3,421.00) and the municipal account referred to above, which amounts to one hundred and five dollars, ($105.00), leaving a balance of three hundred and fifteen dollars, ($315.00). The distribution of the proceeds will be as follows

Costs	$ 5.00
Taxes	289.47
Capital Account	20.53
	$315.00

In addition to the above amount of forty-five dollars, ($45.00) to cover costs, I would recommend that the balance be written off the files and discharged.

In 1928, Mr. Churchill was rented the above land, and obtained a homestead entry for the same on the 15th day of March, 1929. Advice was received from the Deputy Minister that the application was not in his favour to be approved, and that the registered owner was not prepared to pay the taxes. In view of this, and the fact that the above account be written off and the file discharged.

The above parcel reverted to the Municipality under the provisions of the Tax Recovery Act and a sale has now been effected of this parcel. The Municipality has been advised as to the amount required to obtain a release of the liens given by J.J. I would recommend that the proceeds of sale be distributed on a pro rata basis between the taxes which amount to three thousand four hundred and twenty-one dollars, ($3,421.0) and the Dominion account referred to above, first allowing the nominal sum of five dollars, ($5.00) to cover costs. The allocation of the proceeds will be as follows:

	$ 5.00
Costs	229.58
Taxes	245.42
Dominion liens	$480.00

After application of the sum of two hundred and forty-five dollars and forty-two cents, ($245.42) to the Dominion advances, I would recommend that the balance be written off and the liens discharged.

In 1915, W. McDonald was renting the above land, and obtained a Dominion Advance in the sum of one hundred and two dollars, ($102.00). Advice has been received from the General Authorities that the registered owner did not give his approval to the registration of this lien. In view of this, and the fact that the whereabouts of W. McDonald are unknown, I would further recommend that this account be written off and the lien discharged.

Dear Sir:

Re: SW 3, SW 4, SE 20-10-13 W.4.
A. S. and Thomas Walker

When the schedule of your last submission of Seed Grain Advisory Board recommendations was reviewed by our Legal Division, they returned the enclosed Board Order No. 11,053 with the following comment:

"Re: A.S. and T.F. Walker

The recommendation of the board provides that "all liens taken as security be released from the title to the SE 20-10-13 W.4th and that the debtor be released from all responsibility under the personal covenant." The wording of this recommendation is capable of being interpreted as a complete release of all liens. The wording which has been embodied in the schedule "the SE 20-10-13 W.4th to be released as security for the liens, etc." is preferable and I think indicates the true intent of the board.

As I do not have in my possession a copy of the liens secured it is impossible for me to determine the extent of the personal covenant given by the debtor from which he is to be released. Presumably the co-debtor, Alex Walker now deceased, also gave his personal covenant to discharge the debt, and his estate should, therefore, be released from the personal covenant of the deceased. Otherwise, his estate may be prejudiced by the release from personal covenant of Thomas Walker."

We.....

H. C. French, Esq.,
Chief Collector,
Department of Municipal Affairs,
Edmonton, Alberta.

We have discussed the wording of Board recommendations with the Legal Adviser and he advises that a lien cannot be released from one property and held against another. To release a lien is similar to a discharge and applies to all encumbered lands. We must therefore release the land as security for a lien. I trust you will agree with this delineation in meaning and have the recommendation amended.

It has occurred to me that you might give consideration to writing off this account entirely as the SW 3 and SW 4-10-13 W.4 held by the Municipal District of Eureka since 1928 would appear to offer no security of value for the balance of the account.

Yours very truly,

C. K. LeCapelain,
Chief, Lands Division.

Dear Sir:

Re: SW 3, SW 4, SE 20-10-13-W.4th.
A.S. and Thomas Walker

I have your letter of the 12th of June, 1952, regarding the settlement of the above account and also asking for further information in releasing part of the security where our liens are registered against more than one parcel of land.

With reference to the Walker account I may say that the usual practice of the Board at Ottawa is to recommend writing off an account when the security is land of low value and held by a municipality for a number of years with little prospect of a sale. If your Board believes that some recovery may be made from the SW 3 or SW 4-10-13-W.4th in the next few years then I believe our account should remain as a charge against these quarters.

With reference to accounts that are secured by more than one parcel of land there is no objection to releasing one or more of these parcels and holding the debt against the remaining land. I am sorry that my letter of the 6th of June did not make it clear that the intent of the Board's recommendation was correct. The objection of the Legal adviser is in the wording and he asks that the Board recommend: "The SE 20-10-13-W.4th be released as security for the liens, etc." The Legal Adviser is of the opinion that if the Board recommends that "All the liens taken as security be released from the title to the S.E. 20-10-13-W.4th etc." it could be successfully argued in the courts that this acted as a discharge of the liens.

Dear Sir:

Re: SW 3, SW 4, SE 20-10-13-W.4th.
A.S. and Thomas Walker
Your files 1759271,1220237 & 1158415

Your letter of the 6th instant has been received and as explanation of the recommendation of the Seed Grain and Relief Adjustment Board I would advise that it was the intention of the Board to obtain a clear title to the S.E. 20-10-13-W.4th for Thomas Walker and to relieve him of any further responsibility for the federal advances so that he could continue operations with the assurance that he would be called upon to make no further payments on this old account.

Although title to the SW 3 and SW 4 -10-13-W.4th has been held by the municipality since 1928 the Board did not wish to recommend that this land be released as there is some possibility although possibly remote that the municipality might at some future date effect a sale of these quarters which would result in some further recovery being made on these advances. The Board accordingly could not definitely state that this land is of no value as security but if it would be satisfactory to your Board I could prepare a second report and recommendation recommending that the liens be released from the titles to this land on the grounds that the value of same as security is problematic and possibly of no great value.

With reference to the first paragraph on the second page of your letter a question is raised regarding which I would appreciate further information. Your legal adviser is of the opinion "that a lien cannot be released from one property and held against another." This opinion very definitely applies to a case which will be dealt with by the Seed Grain and Relief Adjustment Board at it's next meeting. In this instance 3 parcels of land are involved, title to one being held by the province under the Tax Recovery Act and title to the other 2 by individuals other than the debtor. A sale of the Tax Recovery quarter has been effected and the proceeds will be distributed on a pro rata basis. The other 2 parcels represent security of definite value as the titles are clear with the exception of the federal liens and taxes have been paid to date by the owners. If my interpretation of the above quotation is correct the liens

cannot be released from the Tax Recovery parcel and retained on the titles to the other 2 parcels even though it is necessary that the title to the one parcel be cleared at this time.

I would be very pleased to hear from you further in this connection, both in respect to the manner of dealing with the Walker account which will be satisfactory to your Board and the procedure which should be followed in respect of the other case outlined above.

Referring again to the Walker account, the SW 3 and SW 4-10-13-W.4th were apparently the lands in respect of which the liens were originally given while the S.E. 20-10-13-W.4th is land only recently purchased by Thomas Walker, the liens becoming a charge on the title thereto on transfer by virtue of the liens appearing in the General Register in the Land Titles Office.
